CAUTION

KEEP OUT OF REACH OF CHILDREN

KEEP FROM FREEZING

NET CONTENTS: 260 GALLONS (984.2 Liters)

DIRECTIONS FOR USE

1. Shake well.
2. Fill mix tank one-half to two-thirds full with water. Start and maintain constant agitation throughout entire mixing and treating process.
3. Add seed treatment materials in the following order:
 - A. Color Coat Red WSP® or wettable powders
 - B. Dry Flowables
 - C. Liquid Flowables
 - D. Color Coat Liquid Colorant
 - E. Emulsifiable Concentrates
 - F. Soluble powders or liquids
 - G. Add recommended amount of CF-Clear
4. Bring the volume of slurry treatment mixture to the desired volume, with water.
5. To maintain a trouble free application system, it is recommended that you back-flush your treating system at the end of each work day.

A jar test of all components in the slurry is strongly recommended to ensure compatibility and the correct order of product addition into the slurry prior to committing to a large mix batch. Always allow enough time between the addition of each component of a slurry mixture to ensure adequate suspension of the component prior to adding the next component.

USAGE CHART

CROP **CUSTOM MIX RATE/100 lbs. of Seed**

COTTON 1.00-1.50 fl. oz.

*Suggested rates. Some variation may occur. Adjust the rates to obtain the desired color, and coverage due to the seed size, seed coat, conditioning equipment and total slurry.

NOTICE

There are no warranties which extend beyond the description on the label hereof. The manufacturer, Becker Underwood, Inc. warrants this product to be as described on the label. The manufacturer's liability on this warranty is limited to return of the purchase price of this product. The buyer assumes all risks and liability resulting from the use of this product, whether used singly or in combination with other goods. The manufacturer neither assumes nor authorizes any person to assume for it any other liability in connection with the sale or use of this product.

CAUTION

KEEP OUT OF REACH OF CHILDREN

Avoid contact with eyes and skin. In case of contact with eyes, immediately flush with water for at least 15 minutes and consult a physician. Avoid inhalation of dust and vapors. May be harmful if swallowed. In case of ingestion, dilute with water and seek medical attention. See Material Safety Data Sheet for additional information.

STORAGE AND DISPOSAL

1. PROHIBITIONS: Do not contaminate water, food, or feed by storage or disposal. Do not reuse this container.
2. PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.
3. CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other procedures in accordance with Federal, State and local regulations.
4. GENERAL: Store in original container only and keep sealed. Store in closed storage areas. Use caution when moving, opening, closing or pouring. Wear safety glasses and protective clothing when handling this product.
